# Toilet Seat Cleaner by STOKO®

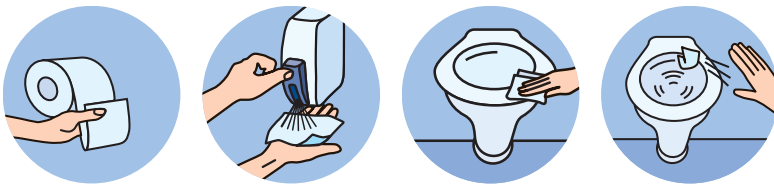

- cleans  
and disinfects.

- **Space-saving** – the small size of the dispenser means it can fit into any toilet cubicle.
- **Economical** – sufficient for cleaning the toilet seat about 750 times.
- **User-friendly** – you can satisfy yourself that the toilet seat is properly disinfected.
- **Hygienic** – Toilet Seat Cleaner by STOKO® is certified by an independent authority.

**STOKO®**  
SkinCare 

## Why Toilet Seat Cleaner by STOKO®?

Particularly in public lavatories, there is a very real risk of contamination and bacteria building up on toilet seats. Even with regular cleaning of the seats, there is still no guarantee that they will be free from bacteria.

Thanks to Toilet Seat Cleaner by STOKO® you can now instantly disinfect the seat and use the toilet without a moment's hesitation. And being able to clean the seat yourself with Toilet Seat Cleaner by STOKO® gives you the peace of mind that you are really using a clean and germ-free toilet.

### More advantages:

- **Economical** – the initial costs involved for the dispenser and refill bag are lower than elaborate systems, such as toilets with integrated disinfection and cleaning mechanisms.
- **Simple + clean** – exchanging the bag is convenient; the Clean-Click® closure stops any liquid leaking out. There's no need for a special exchange service to be organised.
- **Secure** – a concealed locking mechanism helps to prevent unauthorised opening of the dispenser.
- **Easy** – the dispenser is simply affixed or screwed on to the wall.

### Product:

Non-ionic surfactants <5 %, ethanol, perfume - 99 % biodegradable -
